

## **Cordina Chicken Farms Shop Entry – COVID-19 Policy Update**

As you would appreciate during these trying times Cordina have a responsibility to ensure the safety of our workers and also members of the greater community.

As a result, we have implemented a few changes to enable us to adhere to the strict social distancing rules including the Cordina Factory shop.

One of these changes is the decision to **temporarily refuse entry to any children under the age of 16 into the shop.**

Staff managing the entrance will be informing customers of this new policy before they enter the shop.

- If you do need to leave children outside, it is your responsibility for ensuring they always have a responsible adult supervising them
- We ask all customers to abide by the laws surrounding leaving children unattended in vehicles
- Please note shop staff or security onsite cannot be asked to watch children

We apologise for the inconvenience and appreciate your support.
